The Reports

=====OF=====

The Officers

Report of the Secretary of the Board of Managers

The New Year has opened its doors and calls upon all for an inventory of life's work during the days of 1908 and the Board of Managers of Lakeside Hospital realize that a report for the twelve months past is called for.

We look for our President but he answers not,—as mourners with him we bow our heads with grief and sympathy which only loving hearts can truly offer.

For weeks we waited and watched for good news of the safe recovery of our friend from the severe illness not willing to accept the possibility of anything but returning health in time.

But Mrs. Mather has been called to the heavenly home and to her well earned rest. There will be the vacant chair, but with us she left a record of a faithful life work that time cannot efface. So sending our most heartfelt sympathy to the loved ones in the desolate home and as we know our friend would wish, we go back to our records of 1908 which we trust will show work accomplished in which we may rejoice and with it an eagerness in planning for still more for 1909.

The January meeting of last year was held for the first time in the new room which takes the place of the former one, now the private ward which is proving so valuable an addition to the Hospital. During the time of these alterations the Board greatly desiring to be of assistance decided to undertake to secure, if possible, money sufficient to furnish entirely the new ward. A Committee was appointed to arrange and systematize the matter but almost immediately the money panic which so suddenly befell our country made immediate action undesirable.

However, the delay was only for a short time and the wonderful results were presented in the report of the Committee at the first meeting of the Board this year and will be entered in full in the Hospital year book.

While the confusion attendant upon the new building and changes in so many parts of the Hospital has not discouraged, it has greatly

increased the demands made upon all the Committees and these cannot be told in the few words which may be devoted to each, at this time.

The Inspection Committee while they have found it quite impossible to look for or to expect the usual order and regularity in all departments which is their wish and effort to make manifest always, they are very glad to say that not only the Superintendent and others in charge but all those who have been most disturbed and encumbered in their work have shown themselves most anxious and willing to do the best possible to bring order and quiet out of the oft time chaos, leaving the Committee under great obligations to them all and looking with pleasure to the future with its present promise.

A few items from the Stock Room of the Linen Supplies Committee who are responsible for the most part for the purchase and distribution of all articles for the sick room will give the best conception of the time and work required in order that the supply shall always meet the demand. For the new Private Ward this year there were issued 5,986 new articles, for the new equipment of Ward "M" 2,561 and 1,000 more still needed, this with no mention of constant purchases and supplies for the other parts of the Hospital.

The bills for 1908 show an increase over those of 1907 of \$1,253.80, increase of supplies \$1,208.04.

With this report of work accomplished the Committee wish to acknowledge emphatically the never failing co-operation of Miss Ellis, her assistants and employees. This year also the Committee acknowledge with many thanks the assistance given by the Sewing Societies of different churches in the making of articles from material furnished.

No one can fail to appreciate the interest of the Flower and Entertainment Committee in their endeavor to make the surroundings of the Hospital attractive from the outside and a comfort and delight to those who are retained within. Plans for a still increasing outlay in the spring are already in waiting. For this they are always under great obligations to the Landscape Gardener who never fails them and to the generous donations of our florists and many friends. The decorations furnished and arranged for last Christmas were still more elaborate and beautiful than ever before. The Committee endeavors to aid in every way entertainments of all kinds and their work always speaks for itself.

To assist those preparing for their life's work by furnishing medical books and literature the Library Committee have collected for a "Nurses' Library" works recommended by physicians and teachers, purchasing new ones so far as money donated will allow. Besides this a General Library for use throughout the Hospital including the Wards has now six hundred volumes and still calling for more. It is found that magazines and papers are most useful in the wards since when worn or soiled they can be destroyed, and donations of all such are solicited.

The various monthly donations must be recorded and acknowledged to the donors, the necessary work for the printers as to the Graduation Exercises, and the Entertainments must be carefully prepared and afterward sent to their destination. All this with the arrangements for the supplies for the Thanksgiving and Christmas Dinners, to say nothing of much more of various kinds, is the work so faithfully done by the Donation and Invitation Committee.

The Visiting and Relief Committee have found in the new arrangements made by their efforts early in the year between the Hospital and the Rainbow Cottage that their work has been greatly enlarged and benefited. A Visiting Nurse also has been secured to look after convalescent patients after having left the Hospital, reporting to physicians as to medicines, etc. This has proved most satisfactory and report of the work is made to the Board each month. The frequent visits of the Committee to the bedside of the suffering are often welcomed and acknowledged, making their work of great interest.

The work of the Kindergarten Committee is one of special interest and results of their efforts richly repay them. Among the various changes in the Hospital was the removing of the Children's Ward to the opposite side of the building but the new quarters are equally desirable. A visit to the little ones while their helplessness appeals directly to every mother's heart, the happy and contented faces even of the youngest show the faithful care and tenderness of those in charge.

Never was Santa Claus more generous or his personality more pronounced than on this last Christmas, and the day will be a life-long remembrance to every one of the children who were old enough to understand it.

While the Kindergarten teachers of our city for a long time gave their services for visiting the Children's ward; since the introduction of two sessions in our schools this was necessarily

abandoned. The Committee have now secured for these visits young ladies of our city so that each day at least two or three are always in the Ward during the visiting hour and their visits are so much appreciated and enjoyed both by the children and by those whose constant attendance for the time is somewhat relieved.

It has been a year of anxiety and toil and without the ever ready answer from the Superintendent and all officials to what might be termed "emergency calls" there would be less to say of the year's work.

Thus once more the Board of Managers sends out its yearly record of work attempted, work accomplished and work still contemplated, for notwithstanding all that the year's work can show there is still call for more and already there is much outlined for the present year even thus early; but the past has made certain that friends will never fail to meet the call of the maimed and sick within our walls.

Respectfully submitted,

ANNA M. NORTH, *Secretary.*

Report of the Special Committee of the Lady Board of Managers

In the Spring of 1907 it became necessary to make many changes in Lakeside Hospital, changes demanded by the ever increasing work of the Hospital, and by a desire to keep the beloved Institution in the front ranks of the most modern and best equipped institutions of the kind in the Country. The changes after careful planning and consideration, were finally decided upon by the Trustees, and then it was that the Board of Lady Managers learned that in order to do what was actually required an outlay of \$110,000 was necessary, which sum total, in all its vastness, bore with it an inspiration for the Board to step forward from its confines of a working Board only into the broader field of a financially helpful one, which spirit is clearly shown in these extracts of the June and November meetings of the Board:—

“That the Board of Lady Managers of Lakeside Hospital have always been a most efficient *working* board.

That there have been few demands upon the ladies for *financial* support.

That the ladies are continually showing by their generous response to appeals for donations from the different committees that only an opportunity is needed.

That the trustees of Lakeside Hospital have assumed a heavy burden, for in order to bring more support to the hospital many changes are necessary, meaning if all the contemplated improvements are undertaken, and even then not all that are needed, it will require an outlay of \$110,000.

That not more than half that amount has been pledged.

That, therefore, it would seem that this is *our* opportunity to assist.

That concerted action in the form of an equal assessment is not to be considered.

That concerted action in the form of each giving something, no member, non-resident member, nor honorary member to be omitted, each giving as she is able, whether it be ten dollars, one hundred dollars, one thousand dollars, or five thousand, is practical.”

In November a financial committee consisting of Mrs. Billings, Chairman, Mrs. Leonard, Mrs. Crile, Mrs. Smith, Mrs. Tracy, Mrs. Harmon and Mrs. Corlett was appointed by the Board, and in January 1908 the Committee asked the members of the Board to all meet with them at the residence of Mrs. Billings in order that every member might have an opportunity to thoroughly understand the work, its object and to counsel as to the wisest method of procedure. Twenty-four members of the Board were present at the meeting and it was decided that the Committee should send appeals and explanations of the work to members, both active and honorary, of the Board, with a request that contributions be paid in by May first; the amount of said contribution to be regarded as confidential between the donor and member of the Committee receiving the same.

The following appeal was forthwith sent by the Committee:—

"By resolution of the Board of Lady Managers of Lakeside Hospital it was decided that the ladies of the Board would make an effort among themselves to raise a part or all of the estimated amount, viz: \$18,000. which is required to convert the old administration building into private wards. To forward this purpose of the Board a financial committee consisting of Mrs. Billings, Chairman; Mrs. Leonard, Mrs. George Crile, Mrs. R. A. Harmon, Mrs. James J. Tracy, Mrs. Corlett and Mrs. Smith, was appointed by the Board to solicit subscriptions from among the members of the Board. The enclosed extracts from the minutes of the June and November meetings of the Board of Lady Managers show the reason for the action. By virtue of these changes there will be secured 30 well equipped private rooms away from the noise of the trains; in fact a sadly needed requirement, both in the comfort of the patient and toward the support of the Hospital, which is now lacking in paying or private rooms, will be met and it does seem as though an opportunity were thus being given the Board to unite in expressing their affection for the Hospital, their appreciation of its splendid work, and their personal desire to do their share in forwarding the same by not leaving the difficult money raising problem entirely to the Trustees of the Hospital, who have already conquered such tremendous obligations of this nature," with the result that by May 1st, practically fourteen thousand of the coveted \$18,000. had been paid in, which sum has from time to time since May been further augmented, until today its total stands at \$15,900. Every member of the Board save one has been

heard from, and while all could not give, the unfailing expressions of love and interest in the Hospital betokened a richness of desire to do far, far in excess of all commercial standards. So, while we have not attained the height of our ambition, the Board can at least feel the effort was fine and results certainly helpful.

In closing I beg to thank the members of the Committee for their courteous kindness to me, and to assure them it has the grateful gratitude of their Chairman.

Respectfully submitted,

ELIZABETH TOD BILLINGS, *Chairman.*

Report of the Superintendent

Cleveland, Ohio, January 1st, 1909.

To the Board of Trustees of Lakeside Hospital.

Gentlemen:—

I beg to submit a report of the work done at Lakeside Hospital for the year ending December 31st, 1908.

The average attendance for the year at the Hospital was 198 patients, an increase of 8 patients per day over the preceeding year.

The total number of days of treatment was 72,588, an increase of 3,208 days.

The number of days of free treatment in the open wards was 33,485, as against 30,583 in 1907.

The total number of visits made to the Dispensary during the year was 37,388, an increase of 7,339. There were 16,779 prescriptions written and 7,160 surgical dressings done. The total number of days of free treatment given in the wards of the Hospital and at the Free Dispensary was 70,873 days, an increase of 10,241 days over last year.

We are confronted this year with a larger deficit than usual between the maintenance expenditures and the Hospital receipts. The new additions completed early in the year, which added 54 beds to the Hospital capacity, helped to increase the running expenses of the institution. The financial depression that came late in 1907, and deprived so many thousands in this city of earning their living, has extended through this year and has affected the Hospital receipts greatly.

A glance at the statistics given above shows the charity work of the Hospital was much increased this year in consequence of the hard times. The receipts from the pay wards fell far below our expectations. The unprecedented high prices of 1907 for all Hospital supplies prevailed throughout this year. This combination of unusual conditions is accountable for our large deficit. Although the showing of the Hospital this year was disappointing from a financial viewpoint, we have the satisfaction of knowing that the benefits of the Hospital reached a much larger number than in any previous year in the history of Lakeside Hospital.

**The Disbursements of the Expenditures are Shown in the
Following Tables:**

Administration:

Salaries, ...	\$20,125.76	
Office Expenses:		
Postage and Revenue	185.50	
Telephone and Telegraph	1,015.28	
Printing and Stationery	1,667.22

Supplies	706.74
Repairs	37.74

Total Pathological Department...

1,437.98

Equipment:

Addition to equipment	\$ 1,990.46
Sundry house appliances and supplies	6,011.47
Repairs to equipment	5,008.86

Total Equipment

13,010.79

Real Estate:

Improvements	\$ 329.20
Maintenance and repairs	4,529.93
Insurance (boiler, flywheel)	48.75
Insurance, $\frac{1}{2}$ of \$1,980.00 (buildings)	396.00
Insurance, (boilers)	62.50
Insurance, additional buildings.....	46.80
	5,413.18

Total Maintenance Expense		\$173,638.61
---------------------------------	-------	--------------

The Hospital receipts for the year from pay patients and other sources amounted to \$81,632.37, as shown in the following table:

Special nursing by the School	\$ 194.50
Open ward patients	16,265.50
Private ward patients	57,177.43
Emergency ward patients	106.00
Ambulance	104.00
Dispensary	2,900.95
Interest on deposits	36.47
Miscellaneous	4,391.43
X-Ray patients	797.50
	\$81,973.78

The gross daily per capita cost for the year was \$2.33. This estimate is based upon the entire cost of running the Hospital, including all extraordinary expenses, such as insurance, real estate improvements, new equipment, the cost of running a large free dispensary, pathological department and out-door visiting relief work. If all the above items of expense be deducted from the total expenditures, leaving only the maintenance expense, the per capita cost would be reduced to \$2.19.

The work of converting 29 rooms in the Administration Building, formerly used as quarters for the house staff, into private rooms for patients, was completed April 1st, 1908. These rooms, on account of their size and location, in the quiet part of the Hospital, make them very desirable.

The work of changing the private word "M" from single rooms to small wards (accommodating from 4 to 12 patients) was finished July 1st, 1908. These accommodations meet the demands of a large number of people, who heretofore were obliged to take a bed in the large open ward or engage a private room.

The orthopaedic work started a year ago in connection with the surgical service of the Hospital and Dispensary, has been of rapid growth. Hundreds of cripples have received the benefits of the specialists, besides having their braces furnished free. The

fund to carry on this work is not sufficient. Some special donations were received last year, which enabled us to proceed making braces for those unable to pay, otherwise we would have been obliged to stop the work, or pay for the braces out of the maintenance account. The amount of work being done right now warrants our undertaking to equip and support a shop for the manufacture of these braces at the Hospital. It is believed a shop will be self-supporting after it is once equipped.

A room in the operating pavilion, first floor, formerly used for storing surgical supplies, has been converted into an operating room for our Visiting Eye, Ear, Nose and Throat specialists. The equipment is considered very complete.

To Mr. and Mrs. H. G. Dalton we are indebted for the erection of a veranda for the children. A special feature of this veranda is the shutting out of flies and mosquitoes by means of a closely woven bronze wire netting, which surrounds the entire frame. The benefits derived from this veranda cannot be correctly estimated, but we do know that the mortality rate among the children last year was much lower than in 1907. The house-fly is a positively known means of spreading certain intestinal diseases common to children; so we cannot help but feel that the screened veranda saved the lives of many children during the hot summer months last year when such diseases prevailed.

A new feature of Hospital work this year was the introduction of a Visiting Nurse to follow all convalescent patients to their homes to carry out or direct any after treatment that the house physician prescribed. Miss Thurza R. Wright, a graduate of much experience, was chosen to introduce this work at Lakeside. We feel that we were most wise in our choice, as she has demonstrated fully to our satisfaction that the work she is doing increases the efficiency of a Hospital to the public.

In the beginning, we had but a vague idea of what we desired to accomplish, beyond the visiting and treating convalescent patients. We soon found out that the field of work was a very broad one, and we have attempted to do a great deal more than we started out to do. We have been greatly assisted in this work by the Visiting Nurse Association, the Associated Charities, the Juvenile Court and the Legal Aid and Humane Societies, with whom we have co-operated in many instances. The duties of the visiting nurse began February 1st, 1908, consequently we have not a complete report of the year ready, but hope to publish a separate report later, covering, in detail, the full year's work.

One of the most pressing needs of the Lakeside Hospital for some time has been a new Nurses' Residence. The attention of the Trustees has been repeatedly called to the fact that the Nurses' Home which was built to accommodate 42 nurses, has for some years been inadequate to accommodate the force of nurses required at the Hospital. Mr. Samuel Mather, President of the Board of Trustees of the Lakeside Hospital, has relieved the situation by a magnificent donation of \$100,000 to build and equip an addition of 80 rooms to the present building. It is his intention to provide a single room for each head nurse and pupil nurse of the School. The building will provide ample space for kitchen, dining and serving rooms, lecture, recitation and reception rooms. Three rooms have been set aside in the plans of the new building as an infirmary ward and isolation room for the nurses. Only mild cases of illness will be treated in this infirmary. We hope that the contract for the work on this Nurses' Residence will be awarded before the first of March, 1909, so that the work may begin promptly on that date.

Mr. P. O. Clark, a graduate of Oberlin College, 1903, was appointed May 1st, 1908, as Assistant Superintendent. Since graduation, and up to the time of his appointment here, he was manager of a large Young Men's Christian Association Club at Morenci, Arizona. Mr. Clark has all the necessary qualifications to become a successful officer.

Several important changes in the personnel of the Superintendent's Staff have occurred during the year. Mr. F. E. Peck, who has been Chief Engineer since the opening of the Hospital in 1908, resigned in April to go to the State Hospital for the Insane, Massillon, Ohio, as Chief Engineer of their plant. We were very reluctant to allow him to leave, but financial inducements were too great for us to overcome. Mr. George H. Bradley, for several years with the Hill-Clutch Company, of this city, was appointed his successor.

Miss Edith A. Thomas, cashier and bookkeeper at Lakeside for eight years, resigned in August, to go to Kansas to live. We were very sorry to lose such a valuable officer. Miss S. E. Ranney, of this city, succeeded Miss Thomas.

I wish to express my gratitude to the Trustees, the Board of Lady Managers and to the visiting staff for their loyal support during the year. To the officers of the Hospital and heads of departments, I wish to express my appreciation of their services.

Respectfully,

A. J. RANNEY, M. D., *Superintendent.*

Per capita daily cost	2.18	2.14	2.20	2.07	2.06	2.16	2.06	2.12	2.13	2.19
Daily average number treated	101	135	145%	166	187%	169	176	177	190	198

*The last year the Hospital paid special nurses for their services. The per capita cost has been computed from the above statistics by dividing the total expenditures—less the cost of operating dispensary, pathological department, new equipment, insurance, ambulance (amount paid ambulance owners), permanent improvements and amount paid special nurses—by the daily average number of patients treated.

Report of the School for Nurses

To the Board of Trustees of the Lakeside Hospital.

Gentlemen:

I herewith submit the eleventh Annual Report of the Lakeside Hospital School for Nurses for the year ending December 31, 1908.

As a result of the examinations held during the month of May the following nurses were awarded prizes by the Hospital:

Third year nurses, 1st prize, Miss Cora E. Grant, Fredericksburg, Ohio.

2d prize, Miss Hazel C. Southard, Niles, O.

Second year nurses, 1st prize, Miss S. Ethel Axford, Union, Ont.

2d prize, Miss Harriet P. Gillis, Kinsman, O.

First year nurses, 1st prize, Miss Betty Hinds, Caledonia, O.

2d prize, Miss Nellie Burlingame, Erie, Kas.

The special prize offered by the Hospital for the best paper upon a subject selected by the Training School Committee was awarded to Miss Cora E. Grant, subject: "The Nursing Care of Typhoid Fever." The special prize offered by Dr. Edward F. Cushing for the best paper upon "The Nursing of Sick Children" was awarded to Miss Fanny G. Noyes, Kansas. The prize offered by the Alumnae Association of the Lakeside School for Nurses, to the third year pupil attaining the highest practical standing was awarded to Miss Estaiene M. DePeltquestangue. The second prize offered by Miss Grace Hodgson was awarded to Miss Cecelia Kimpflin. This standing was obtained by vote of the head nurses of the wards, by the Executive of the School and the monthly reports from the head nurses.

The general course of instruction for the year has progressed very smoothly and without any marked changes. The following names have been added to our list of lecturers: Dr. Arthur H. Bill and Dr. Fanny C. Hutchins.

Number of probationers admitted during the year.....	43
Number of probationers accepted during the year.....	27
Number of probationers not accepted and resigned.....	12
Number of pupil nurses resigned during the year.....	2

Number of pupils in the school:

Third year nurses, 29; Second year nurses, 31; First year nurses, 9; Probationers, 26; Total, 95.

The following head nurses have resigned their positions:

Miss Grace Hodgson, to take charge of a special hospital.

Miss Agatha C. Hodgins, to become Resident Anaesthetist to the private ward service.

Miss Alice Connors, to do private nursing in Cleveland.

Miss Helen I. MacRoberts, to do private nursing in Cleveland.

Miss Josephine Merritt, at home.

Miss Katherine Sullivan, to do private nursing in New York.

Miss Nelle E. Mix, at home.

Miss Helena Draper, to do private nursing in Cleveland.

APPOINTMENTS.

Miss Cora E. Grant, class 1908, Lakeside School for Nurses, Night Supervisor, Lakeside Hospital.

Miss Agatha C. Hodgins, graduate Boston City Hospital, Resident Anaesthetist, Private Ward Service, Lakeside Hospital.

Miss Arvilla S. Patton, graduate Laura Franklin Free Hospital for Children, New York, Head Nurse, Children's Ward.

Miss Clara Dunlap, graduate Lakeside School for Nurses, class 1908, Head Nurse, Allen Operating Room.

Miss Grace Toot, class 1906, Lakeside School for Nurses, Head Nurse, Private Ward Operating Rooms.

Miss Estaiene M. DePeltquestangue, class 1908, Lakeside School for Nurses, Head Nurse Ward "M."

Miss Alice Minor, class 1908, Lakeside School for Nurses, Head Nurse, Men's Medical Ward.

Miss Marion Mason, graduate The Jackson Sanatorium, Dansville, N. Y., Head Nurse of the Dispensary.

During the past year the Alumnae Association of Graduates of the School has been actively working and has succeeded in raising the fund for the endowment of a room in the Hospital for the use of their sick members to \$2,000.

Again we wish to thank the physicians for their continued interest in the School, and for the lectures which they have so generously given, and also to thank the many friends who have helped the School.

Respectfully submitted,

ELIZABETH M. ELLIS,

Principal Training School and Supt. of Nurses.

GRADUATES OF THE LAKESIDE SCHOOL FOR NURSES.

Class 1901.

- 1 Darling, Lottie A., Assistant Principal Lakeside Hospital.
- 2 DeLaney, Anna J., private nurse, Cleveland.
- 3 Duffy, Minnie E., private nurse, Cleveland.
- 4 Ehle, Nina L., private nurse, Cleveland.
- 5 Horning, Anna B., private nurse, Cleveland.
- 6 Hunt, Ada, private nurse, Cleveland.
- 7 Morley, Mary C., Redlands, California.
- 8 Morse, Georgia B., private nurse, Cleveland.
- 9 Mosher, Nina B., Cleveland.
- 10 Noakes, Marguerite, now Mrs. Edwin Daxter, Cleveland.
- 11 Pringle, Lucy, Minor Hospital, Seattle, Washington.
- 12 Schoner, Anna M., now Mrs. George H. Bouscay, Cleveland.
- 13 Taylor, Charlotte S., now Mrs. Frank E. Peck, Massillon, O.
- 14 Walker, Beatrice, now Mrs. J. G. W. Cowles, Cleveland.
- 15 Wheeler, Mabel C., private nurse, Cleveland.
- 16 Whitelaw, Alice, now Mrs. J. E. Boswell, Toronto, Canada.

Class 1902.

- 17 Albright, Zilla, private nurse, Cleveland.
- 18 Barnes, Jean, now Mrs. Frank C. Hoskins, Cleveland.
- 19 Crocker, Florence, deceased.
- 20 Dudley, Winifred, now Mrs. J. C. Darby, Cleveland.
- 21 Lecky, Vienna, private nurse, Cleveland.
- 22 Leet, Harriet, visiting nurse, Cleveland.
- 23 McManus, Nettie E., private nurse, Cleveland.
- 24 Service, Jane, private nurse, Cleveland.
- 25 Trafton, Winnifred, private nurse, Cleveland.
- 26 Wallace, M. Agnes, now Mrs. S. A. Gowdy, Philadelphia, Pa.
- 27 Wemp, Kate, now Mrs. W. A. Coltart, Chatham, Canada.

Class 1903.

- 28 Auer, Laura, private nurse, Cleveland.
- 29 Beale, Grace, private nurse, Cleveland.
- 30 Beyer, Tillie, private nurse, Cleveland.
- 31 Bickford, Elizabeth, private nurse, Cleveland.
- 32 Brannigan, Ella, Black Mountain, North Carolina.
- 33 Butcher, Jennie, now Mrs. Farley, Omaha, Nebraska.
- 34 Cavers, Margaret, private nurse, Cleveland.
- 35 Corell, Carrie B., private nurse, Cleveland.
- 36 David, Jessie, now Mrs. G. H. Lewis, Cleveland.
- 37 DeVis, Anna, private nurse, Cleveland.
- 38 Guttridge, Ethel, now Mrs. O. M. Shirey, Cleveland.
- 39 King, Hellene, now Mrs. William Ireland, Stratford, Ontario.
- 40 Koeckert, Wilhelmina, private nurse, Cleveland.
- 41 Leberman, Louise, visiting nurse, Cleveland.
- 42 Lilly, Katherine, head nurse, Operating room, Rockefeller Institute of Research, New York.
- 43 Loveland, Grace, now Mrs. L. R. Pulliam, Cleveland.
- 44 McMullen, Louise, private nurse, Detroit, Michigan.
- 45 Martin, Mabel, now Mrs. Clyde Dana, Caledonia, Ohio.
- 46 May Jeanette, now Mrs. G. Lowery, Pittsburg, Pa.
- 47 Morse, Jane, private nurse, Cleveland.
- 48 Ochsenhirt, Anna, private nurse, Springfield, Ohio.
- 49 O'Donnell, Burnadetta, private nurse, Omaha, Nebraska.
- 50 Patterson, Rhoda, private nurse, Cleveland.
- 51 Roberts, Olivia, now Mrs. C. D. Selby, Toledo, Ohio.
- 52 Robbins, Nellie, private nurse, Cleveland.
- 53 Seeley, Geraldine, private nurse, Cleveland.
- 54 Thompson, Gertrude, now Mrs. E. E. Irons, Chicago, Illinois.
- 55 Whitely, Laura G., now Mrs. Lister Pomerine, Coshocton, O.

Class 1904.

- 56 Adams, Jessa, now Mrs. David Morrow, Glenville, Ohio.
- 57 Beech, Ella, private nurse, Calumet, Michigan.
- 58 Bickford, Grace, private nurse, Cleveland.

- 59 Churchill, Blanche, private nurse, Omaha, Nebraska.
- 60 Crass, Annetta, now Mrs. E. E. Mittonan, Cleveland.
- 61 Hamilton, Ora, visiting nurse, Cleveland.
- 62 Heard, Mary, now Mrs. J. B. Fletcher, San Francisco, Cal.
- 63 Henry, Damie, Superintendent, Calumet and Hecla Hospital, Calumet, Mich.
- 64 Holmes, Jane E., private nurse, Cleveland.
- 65 Hood, Belle, private nurse, Milton, North Dakota.
- 66 Hornberger, Wilda May, private nurse, Cleveland.
- 67 Kihm, Anna, private nurse, Cleveland.
- 68 Lynch, Katherine, private nurse, Cleveland.
- 69 McLennan, Mabel, private nurse, Cleveland.
- 70 McQueen, Lillian, now Mrs. Kelsey, Lakeview, Michigan.
- 71 Manning, Mary, private nurse, Denver, Colorado.
- 72 Moorhead, Florence I., now Mrs. Ralph W. Elliott, Cleveland Heights.
- 73 Morrison, Edith, private nurse, Cleveland.
- 74 Phillips, Mara, now Mrs. Dixon, Ashtabula, Ohio.
- 75 Smith, Imogene, private nurse, Denver, Colorado.
- 76 Sudderth, Cordelia, now Mrs. John Phillips, Cleveland.
- 77 White, Austa, now Mrs. Herbert Engel, Lakewood, Ohio.

Class 1905.

- 78 Baker, Elizabeth, now Mrs. S. H. Burroughs, Ashtabula, Ohio.
- 79 Baker, Jeanette, now Mrs. John Brett, Cleveland.

INSTRUCTORS.

Principal, School of Nursing,

Miss Elizabeth M. Ellis.

Assistant Principal,

Miss Lottie A. Darling, class 1901, Lakeside Hospital School for Nurses.

Supervisor of Probationers,

Miss Stella M. Irwin, graduate Toronto General Hospital.

Night Supervisor,

Miss Cora E. Grant, class 1908, Lakeside Hospital School for Nurses.

Instructress in Dietetics,

Miss M. C. Little, graduate Mrs. Rorer's Cooking School.

Instructor in Anatomy and Physiology,

Dr. A. R. Warner.

Instructor in Medical Clinics,

Dr. J. C. Darby.

Instructress in Massage,

Mrs. Helen M. Titus.

LECTURES 1908-1909.

1908.

Obstetrics.

Dr. Hunter H. Powell and Dr. Arthur H. Bill.

October 2, 6, 13, 20, 27, 30.

Pregnancy: the signs, the organs concerned and the changes which they undergo.

The diseases and emergencies of pregnancy.

The care of the pregnant woman, including diet, exercise, etc.

Labor: signs and cause of labor, the stages.

Presentations and positions of the child; emergencies of labor.

The puerperal period: management of the woman; dangers of the period.

Surgical Demonstration.

Dr. Dudley P. Allen.

October 9.

Diseases of Children.

Dr. Edward F. Cushing.

November 3, 6, 10, 17, 24, 27.

The condition and care of the new-born child.

Dieting in infancy and childhood in health.

The diet of the infant and young child in illness.

General care of the young child in health and disease.

Bathing, irrigation of the stomach and bowels, gavage, etc.

General care of the infant in measles, scarlet fever and other exanthematous diseases.

Gynaecology.

Dr. Hunter Robb and Dr. William H. Weir.

December 1, 4, 8, 15.

Pelvic Anatomy.

Diseases of the organs of generation.

Preparation of patient for examination and operation.

Care of the patient after operation.

1909.

Dr. William T. Corlett.

January 5, 8, 12.

Structure and functions of the skin.

Care of the skin in health and disease.

Nursing in skin diseases.

Dr. George W. Crile.

January 15, 19, 22, 25.

Special points in the technique of anaesthesia.

The practical management of operations in the private home.

The small hospitals; their value to the community and to the medical profession.

Special points in the operating room technique.

Dr. John H. Lowman.

January 29, February 2, 5, 9.

Internal medicine in relation to nursing.

Dr. John Phillips.

February 12, 16.

Delirium.

Definition. Forms of delirium. Causes. Various diseases in which it is observed.

The care of the delirious patient.

Dr. Charles F. Hoover.

February 19, 23, 26.

Disturbances of respiration.

Vomiting.

Types of pulses.

Dr. B. L. Millikin.

March 2, 5, 9.

Anatomy of the eye.

Diseases of the eye.

Care of the eye in health and disease.

Dr. J. M. Ingersoll.

March 16, 19, 23.

Anatomy of the ear, nose and throat.

Diseases of the ear, nose and throat.

Nursing in diseases of the ear, nose and throat.

Dr. Fannie C. Hutchins.

March 26, 30, April 6.

Insanity in general.

General care of the insane.

Special forms of insanity and the care of such.

Dr. Henry S. Upson.

April 13, 20, 27.

Diseases of the nervous system.

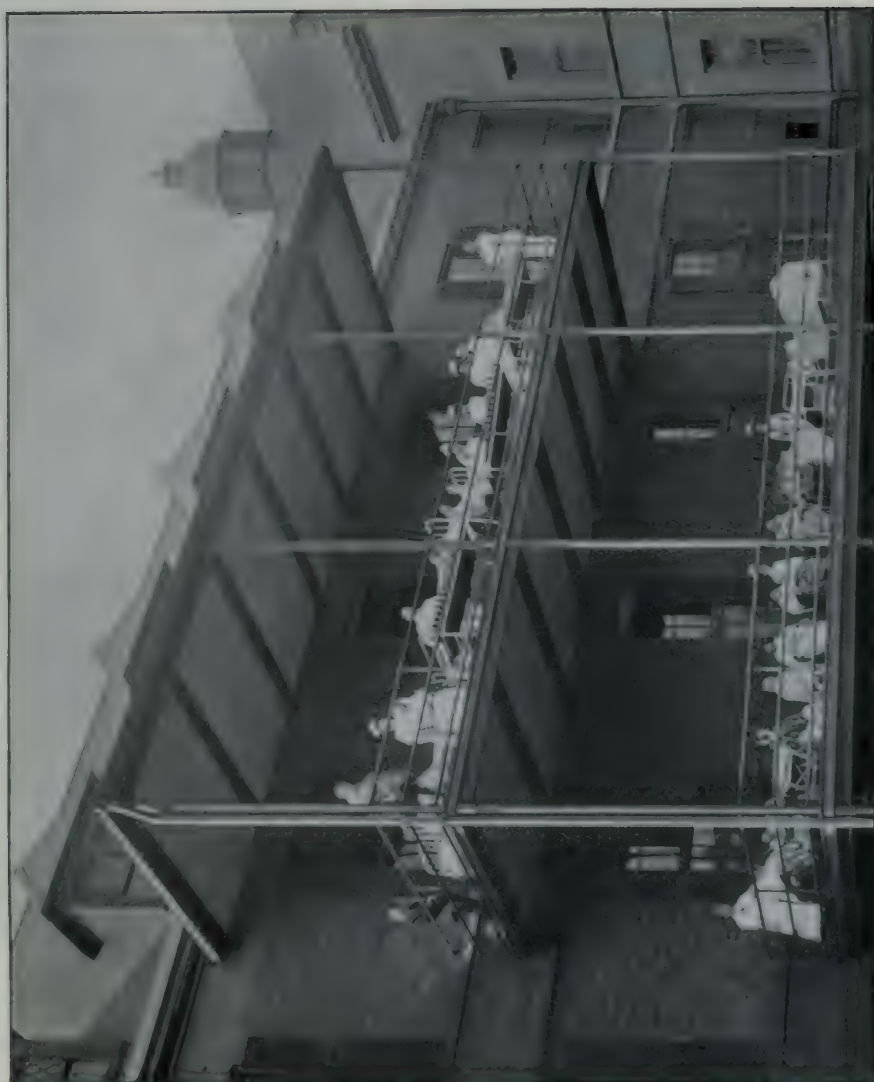

Anatomy of the nervous system.

The nervous system in health.

The nervous system in disease.

Total diagnoses 1069

The total number of diagnoses exceeds the actual number of patients from the fact that an individual patient often presents several distinct pathological conditions.

THE GYNAECOLOGICAL SERVICE.

Operations.

Abdominal irrigation and drainage	1
Amputation of breast	1
Amputation of labia minora and clitoris	1
Amputation of right labium majus	1
Amputation of toe	1
Appendicectomy	119
Cervix, amputation of	12
Cervix, cauterization of	2
Cervical polyp, removal of	2
Curetting and cauterizing of carcinoma of cervix	5
Curetting and cauterizing condylomata of vulva	2
Cystectomy, ovarian	2
Cystoscopic examination under anaesthesia	4
Dilating cervix and curetting uterus	219
Evacuation of pus from uterine cavity	1
Examination (vaginal) under anaesthesia	10
Excision of carcinoma from abdominal wall	1
Excision of Bartholin's glands	3
Exploratory abdominal section	2
Excision of lipoma of thigh	1
Excision of carcinoma of abdominal wall	1
Excision of carcinoma from groin	1
Hemorrhoids, cauterization of	6
Hemorrhoids, removal of ligature and cautery	7
Hysterectomy, abdominal	3
Hysterectomy, abdomino-vaginal	1
Hysterectomy, supra-vaginal	19
Hysterectomy, vaginal	10
Hysteromyomectomy	2
Incision and drainage of Bartholin's abscess	1
Incision and drainage of ovarian cyst	1
Incision and dilatation of hymen	1
Ingrown toenails, removal of	1
Myomectomy	7
Oophorectomy, unilateral	4
Ovary, partial resection of, unilateral	21
Ovary, partial resection of, bilateral	3
Perineorrhaphy	79
Repair of ventral hernia	4
Salpingectomy, bilateral	10
Salpingectomy, unilateral	60
Salpingo-oophorectomy, bilateral	31
Salpingo-oophorectomy, unilateral	78
Separation of adhesions	33
Suspension of uterus, (supplementary procedure in 42)	62
Trachelorrhaphy	16
Ulcers, labial, cauterization of	1
Resection of abdominal scar	1
Vaginal incision, (through posterior vaginal fornix)	35
Vagino-plasty for stenosis	2
Vesico-vaginal fistula, formation of	1
Total number of operations	913

Statistics.

Number of patients discharged in 1908	370
Number of patients operated upon	372
Number examined under anaesthesia without an operation	10
Number of operations performed upon 372 patients	918
Number of abdominal sections performed upon 372 patients	167
Number of deaths following abdominal sections	7
Number of deaths among 370 patients	15
Mortality for abdominal sections	4.19%
Mortality of total number of operations	3.05%
Deaths following operation	12

The deaths following abdominal operations were divided among the following operators:

Dr. Hunter Robb	4
Dr. William H. Weil	3

THE GYNAECOLOGICAL SERVICE.

Mortality.

	OPERATION.	CAUSE OF DEATH.
2919	Intestinal obstruction....No operation	Intestinal obstruction, acute, diffuse peritonitis. Patient moribund on admission.
2942	Retained secundines. Pelvic abscess D. & C. Vaginal incision...	Septicaemia. Acute diffuse peritonitis.
2953	Inevitable abortion D. & C.	Toxaemia of pregnancy.
3062	Acute appendicitis. Mitral stenosis Appendicectomy	Septic embolism.
2999	Lacerated cervix. Descensus uteri Hysterectomy vaginal	Acute diffuse peritonitis.
3115	Diabetes mellitus vulvitis No operation	Diabetic coma.
3150	Carcinoma of uterus....Hysterectomy, abdomino-vaginal, bilateral salpingo-oophorectomy appendicectomy	Acute peritonitis.
3175	Bilat peri salpingo-oophoritis and salpingitis and follicular hypertrophy retrospection of uterus with adhesions Hystero-salpingo- oophorectomy appendicectomy	Acute diffuse peritonitis.
3180	Pelvic inflammatory disease No operation	Acute diffuse peritonitis.
3188	Endometritis, septic Ectopic gestation, infected.D. & C. Vaginal incision...	Operative shock. Died on operating table.
3200	Laceration and hypertrophy of cervix, R. V. O. Amputation of cervix. Perineorrhaphy	Acute peritonitis.
3209	Myoma uteri, right follicular hypertrophy Hysterectomy, supra-vaginal, left salpingectomy. Right salpingo-oophorectomy ...	Acute diffuse peritonitis.
3238	Bilat peri salpingo-oophoritis, pyosalpinx. Right ovarian abscess. Intestinal and omental adhesions Bilat salpingo-oophorectomy. Separation of adhesions. Vaginal incision with drainage	Post operative shock. Patient died two hours following operation.
3241	Right peri salpingo-oophoritis, bilat. salpingitis, adherent appendix and omentum....D. & C. Right salpingo-oophorectomy. Left salpingectomy. Appendicectomy	Acute diffuse peritonitis.
3261	Anteflexion of uterus with descensus R. V. O. D. & C. Appendicectomy. Perineorrhaphy. Suspension of uterus	Post operative shock. Death six hours following operation.

SUMMARY:

Referred to hospital	86
Referred to Rainbow Cottage	60
Referred to Fresh Air Camp.....	134
Referred to other Clinics.....	134

Total number of new cases.....699

The Nose, Throat and Ear Department

In this report, the cases in which there were more than one distinct, pathological lesion, have been listed under the various sub-divisions so that the total number of diagnoses exceeds the total number of new cases.

THE EAR:	
Accumulation of cerum	95
Atresia, external auditory canal....	1
Aural polypi	7
Auricle, eczema of	7
Deaf mutism	13
Foreign body, external canal	9
Facial paralysis	1
Furunculosis	6
Mastoiditis, acute	6
Myringitis, acute	1
Necrosis, external canal	1
Objective noises in ear.....	1
Otalgia	1
Otitis, externa	23
Otitis, interna	9
Otitis media:	
Acute catarrhal	8
Acute suppurative	62
Chronic suppurative	127
Chronic non suppurative	123
Otosclerosis	4
Perforation, traumatic	1
Perforation, lobule of ear.....	1
Trauma external ear	1

THE NOSE AND NASOPHARYNX.	
Abscess, nasal	3
Adenoids	271
Eczema	3
Epistaxis	25
Foreign body nose	5
Fracture, nose	4
Furuncle, nose	2
Nasopharyngitis	13
Hay fever	4
Polyp, nasal	20
Polypoid hypertrophy inferior tur-	
binal	7
Rhinitis—	
Acute	27
Atrophic	31
External	4
Hypertrophic	124
Septal gumma	4
Perforation—	
Syphilitic	2
Simple	4
Spurs and deviations	160
Sinusitis—	
Ethmoidal	6
Frontal	6
Maxillary	12
Sphenoidal	1
Synechia, nasal	4

PHARYNX AND MOUTH.	
Cleft palate	1
Carcinoma, pharynx	1
Herpes	1
Leukoplakia	3
Lingual tonsil, hypertrophy of..	2
Paralysis of pharyngeal muscles	1
Peritonsillar abscess	21
Pharyngitis—	
Acute	24
Atrophic	9
Chronic	50
Syphilitic	11
Retro-pharyngeal abscess	4
Stomatitis	6
Tongue, gumma of	1
Tonsil, gumma of	2
Tonsillitis—	
Acute	33
Chronic	266
Follicular	22
Uvula, hypertrophy of	2
Soft palate—	
Papilloma of	4
Syphilis of	1
Syphilis mouth, secondary	3

LARYNX AND NECK.	
Aphonia, hysterical	2
Goltre	8

THE OPHTHALMOLOGICAL DEPARTMENT.

Referred to the refraction department and measured for glasses.....	646
Referred to the refraction department but patient did not return.....	80
Total number of diseases, etc., in new patients.....	1,628
Referred to eye department with negative results.....	12
Examination negative	12
Examination incomplete, patient failed to return.....	96
Patients able to pay, treatment refused.....	14
Referred to the hospital	36
Referred to other departments	56
Total number of new patients during the year 1908.....	1,680
Increase over 1907	136
Grand total of new cases to December 31, 1908.....	15,400

When two or more distinct pathologic conditions are present in the same patient, these are classified under the proper headings. The total number of diagnoses will accordingly not correspond to the total number of cases.

The Dermatological Department

High forceps, 5 cases.	Craniotomy, 2 cases.
Medium forceps, 18 cases.	Perinaeorrhaphy, 13 cases.
Low forceps, 1 case.	Colporrhaphy, 2 cases.
Rotation (Scanzoni) 4 cases.	Curettage, 2 cases.
Manual extraction of placenta, 7 cases.	Induction of labor, 1 case.
Pedalic version, 14 cases.	

Gifts and Contributions to The Lakeside Hospital

All checks or property gifts for this institution should preferably be sent to F. A. Scott, Treasurer of the Hospital, Superior Savings & Trust Co., Cleveland; though they may be received by any other member of the Board of Trustees, or by the Superintendent. The donor should state distinctly whether he wishes his gift to be added to the permanent Endowment Fund of the Hospital, toward the liquidation of its mortgage indebtedness, for the endowment of a bed, or for some other special department of the Hospital; if no specific object is mentioned, the trustees will assume that the donor intends his gift to be expended for the benefit of the Hospital in such manner as the trustees deem most necessary and advisable.

Bequests.

Care should be taken that bequests be made out in the corporate name of "The Lakeside Hospital," of Cleveland, Ohio, and it should be distinctly stated if it is desired that they should be devoted to any particular department, or added to any particular fund of the Hospital.

For information regarding particular needs of the Hospital, inquire of any member of the Board of Trustees, the Board of Managers, or the Superintendent.
